INFORMATION TO FAMILIES

Dear families:

We hope that everyone is safe and sound, free from the virus that is altering our daily lives in such an unusual way.

We would like to ask you to remain calm as we are facing a new situation. To manage an entire school and what it entails is proving to be a difficult task.

The entire Teaching Staff continues working tirelessly in an exceptional way. Tutors and specialists are coordinating daily to meet the needs of your children and ensure their right to be educated.

At the moment, we are making great efforts to collect information from all the families in our center and how they communicate with us. The objective is to be able to attend to each and every one of our students. As the Minister of Education, Isabel Celaá, said “...*you cannot advance if there is no equal conditions for everyone...*” This is our priority at the moment. Guaranteed this premise of communication with each and every one of our families, we will proceed to send homework and activities which can be accomplished by all.

We also wish to inform you that this Friday, March 27, starting at 2:00 p.m., we will conclude the second evaluation and the Report cards will be published through the EDUCA platform. Likewise, instructions on how to access said platform will be published in our web. In this regard we want to remind you that if you have any questions or queries, please use the email of the corresponding classroom teacher.

Once the second evaluation has concluded, and in the absence of instructions from the Department of Education, we will continue to send material with content from the third term. We remind you that on our website you have at your disposal the extracts of the syllabus. In these documents you

can see the objectives, contents and evaluation criteria in detail. The link to the web is:

<https://jmhuarte.educacion.navarra.es/web1/extractos-de-programaciones/>

All teachers are committed to move forward with the school year and send material correspondingly.

We would like to congratulate the students and families who are responding responsibly to this new challenge and we encourage them to continue doing so.

There is a virtue that now more than ever we need to put into practice, "Patience". There is going to be endless situations that will test our level of patience, both academically and socially, that is why we kindly ask you to be patient as we are trying to guarantee the service to all families and all the students in the best possible way.

Keep up the good spirit as best as you can. We will send new information as it comes to us from the Department of Education and do take good care of yourselves. We will overcome this!
